

Proposal Number: (if any) _____

Please complete a separate Cost Sharing Form for each year of the project.

College, Center, School, Laboratory: _____

Principal Investigator: _____

Project Title: _____

Name of Sponsoring Organization: _____

RFP Number: _____

Link to RFP: _____

Performance Period: _____

Proposal Due Date: _____

Cost Share Summary:

This is mandatory cost share and is required by the sponsor. It will be tracked by OSP and G&C Accounting.

In accordance with Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements (2 CFR 200), voluntary committed cost sharing is not expected under Federal research proposals; it cannot be used.

Important Notes:

- Cost Share commitments must meet the same criteria as a direct charge to your sponsored programs. If you are unable to charge an item to your sponsored project directly then the same charge cannot be cost shared.
- Unrecovered indirect costs (F&A) may be included as part of cost sharing or matching with prior approval of awarding agency.
- Include Indirect/F&A costs as part of the cost sharing commitment if any of the direct charge should carry the F&A charges.
- Please attach a separate document to share any other important information about this request, including a justification of any institute support.

YEAR _____	Expected from Sponsor	Georgia Tech Contribution to the Project				Total Project Budget
		School/Center	Dean	President's Office	Other (Specify-Third Party?)
